

BARTON STACEY AND LONGPARISH PARISH COUNCILS NEED YOUR HELP

Wheelabrator is planning to build a waste to energy incinerator plant on the edge of Barton Stacey and Longparish villages at the existing Raymond Brown recycling facility.

Wheelabrator is currently conducting a consultation exercise ahead of submitting a planning application for the proposed incinerator plant. **Your Parish Council also needs to hear whether you are in favour of or against the proposed scheme.**

Please take the time to review the proposals and give us your feedback using this form. Don't worry if you were not able to attend a consultation event as details of the proposed scheme can be viewed at:

- <https://www.testvalley.gov.uk/planning-and-building/viewplanningapplicationonline/harewood-incinerator> or
- <https://www.wtiharewood.co.uk/projects/project-plans/>

Hard copies of the proposal are available in Barton Stacey at The Village Hall and The Swan Inn, and in Longparish in St Nicholas Church and The Cricketers, until December 12th.

Information about incinerator plants and how they operate is available online at various websites which may be of use in helping you to form an opinion.

It is important that you both complete this form for your Parish Council **and** send any comments you have directly to Wheelabrator in writing or by email, before 12th December.

Please complete the following two statements:
